WHO WE ARE

- Our mission is to stop the human caused extinction of our nation's at-risk species, to protect and restore their habitats, and to guide these fragile populations along the road to recover.
- We safeguard the Endangered Species Act by using grassroots mobilization, education, and targeted campaigns.
- We are a national network of conservation, scientific, education, religious, sporting, outdoor recreation, business, and community organizations—and more than 200,000 individual activists and supporters.
